OPPORTUNITY · ELITE EXECUTIVES

Creative Constructionist

The translator of ideas into reality · transforms concepts, opportunities, and challenges into practical systems, programs, and solutions that can be successfully implemented.

You have stepped into one of the most generative positions within our Parlayed Parties — and right now, that means exploring whether your gift for turning ideas into reality belongs as a Creative Constructionist. We are excited you are here. Welcome aboard. This role takes possibility and makes it tangible. You design systems. You build programs. You turn 'wouldn't it be amazing if…' into 'here is how we make it work.' Your impact is measurable in everything that gets built, launched, and improved.

GREAT in Action

Every position within our family of companies is anchored in GREAT — the framework that keeps everyone aligned, purposeful, and accountable.

G	**Goals**	Convert vision, opportunity, and challenge into implementable systems, programs, products, and services.
R	**Role**	Design, prototype, refine, and document the practical solutions that move ideas from concept to execution. Translate strategic priorities into delivery roadmaps.
E	**Expectations**	Creative problem-solving. Systems thinking. Rigorous follow-through. The ability to balance vision with practicality.
A	**Accountability**	Own the construction process from idea to delivery. Document what is built. Make it sustainable for those who come after.
T	**Timelines**	Project-based and milestone-driven. Initial designs in weeks, refined systems in months, lasting impact over years.

What You Will Actually Do

The Creative Constructionist brings purposeful action to the rhythms of the role. Here is what those rhythms look like:

Daily Duties

- Review installation plans and gather required tools and materials.
- Execute setup or construction tasks with accuracy and efficiency.
- Inspect completed work to ensure standards are met.

Weekly Goals

- Complete all assigned installations on schedule.
- Maintain high-quality workmanship and creative integrity.
- Provide feedback to improve processes, materials, or design execution.

Collaboration & Coordination

- Work alongside designers, planners, and fellow installers to optimize workflow.
- Communicate challenges, updates, or resource needs promptly.
- Participate in team discussions to refine installation strategies.

Tracking & Reporting

- Keep records of completed installations, materials used, and time spent.
- Provide weekly summaries of projects completed and challenges overcome.
- Suggest improvements for future installations.

What We Are Looking For

- Track record of building something complex from scratch and seeing it through.
- Systems thinking · ability to design how things fit together, not just how they look.
- Creative problem-solving balanced with rigorous documentation.
- Comfort with ambiguity at the start of a project.
- Strong communication skills · you can describe how something works to anyone.
- Initiative · you do not wait to be told what to design.

WIIFM · What is in it for You

Build the things you wish existed.

Here, your designs become real. You help shape what our organizations build, how we deliver, and what experiences our clients have. You leave a trail of working systems behind you · that is a portfolio few professionals get to accumulate.
